### Biography:

Cindy has 10 years of experience in the Land business and 20 years diverse business experience. She has completed the Petroleum Land Admin certificate course through SAIT and has her interim Land Agent License and will complete the requirements for the designation process this year. She is also currently enrolled in the Environmental Resource Management Program at U of A. She is about 2/3 done and when completed, she will qualify for her CEP designation.

Cindy is a Project Manager providing direction, support, training and mentorship to other team members. She is also responsible for coordinating and completing projects from the permit stage right through to pre-construction and is involved in coordinating and managing all aspects including permitting, site acquisition, negotiations, hearings and public consultation.

Previous to her role as a Project Manager in the Land business, Cindy worked as a Land Administrator with Fortis for 1.5 years where she gained experience in the transmission and distribution business. She has worked many electrical industry projects and has a sound understanding of the T&D industry.
